

Parent Volunteer Information

Welcome to the 2012 Del Norte Dolphins Swim Team!

The success of this Swim Team depends on the active involvement of all team parents. Here is the information that you need to know for Registration.

- Minimum work requirements are 9 shifts. 7 shifts during the season and 2 shifts at championships.
- Most volunteer jobs are a half-day shift – detailed as Shift 1 which starts around 8:00 a.m. or Shift 2 which starts around 11:00 a.m. Exceptions to this are noted on the "Volunteer Job Descriptions" page.
- Seasonal Jobs require a parent to work the same position throughout the swim season. The team really depends on those willing to make this commitment. These jobs are filled prior to registration night whenever possible. If you are interested, please contact us immediately!
- You will be required to provide a post dated (August 1, 2011) check written out to Del Norte Swim Team in the amount of \$100.00. If you miss your assigned volunteer activity (without finding a replacement) you will forfeit your check to the team.

Please understand that the \$100.00 check is not in lieu of working your shifts. You must complete the mandatory 9 shifts.

Included is a list of "Volunteer Job Descriptions." Please consider your schedule and skills as you will be required to sign-up for your volunteer activities at registration night. Have back-up selections in case the position you are interested in is already filled. The "Volunteer Event Dates" page is for your use. Print it out, circle the dates and times you are available and bring it with you to registration night.

The Championship's volunteer positions you will be signing up for (2 per family) are based on last year's needs and schedule. The shifts and number of volunteers for each position may change. You will be notified of the changes a week or two prior to Championships.

We look forward working with you this season and thank you for your participation!!!
